2025-144-Senate-7	**Evaluation Schemes for award of Grades**

It is observed that conducting Minor-1 and Minor-2 examinations becomes difficult in view of large number of students registered in common courses offered by MA, PH and CY departments. Further, lack of a fixed schedule in the calendar is posing problems to schedule the examinations, as students are likely to be absent.

In view of addressing the above difficulties, the SUGC and SPGC have recommended the following two Models for evaluation for all the UG and PG programs applicable to students admitted from 2024-25 Academic Session.

Model-1		Model-2	
Major examination:	50 marks	Major examination:	40 marks
Mid Sem Examination:	30 marks	Mid Sem Examination - 1:	20 marks
Teacher Assessment:	15 marks	Mid Sem Examination - 2:	20 marks
Attendance:	5 marks	Teacher Assessment:	15 marks
		Attendance:	5 marks

The Senate deliberated the above models and approved to adopt Model-1 for all the UG and PG students admitted from the AY 2024-25 onwards.

2025-144-Senate-8	**Syllabi of B.Tech (Maths and Computing), MCA and M.Tech (Materials and Manufacturing) programs**

The Curriculum Development Committees have developed detailed curricula and syllabi for B.Tech (Maths and Computing) and MCA programs offered by the Department of Computational and Data Science, and M.Tech (Materials and Manufacturing) offered by the Centre for Materials and Manufacturing. These were recommended by the Institute Curriculum Development Committee. It is proposed to implement the revised curricula and Syllabi of the aforesaid programs with effect from the AY 2025-26. The revised Curricula and Syllabi of all the above programs were presented to the Senate.

The Senate approved the curricula and syllabi of the Academic programs namely: B.Tech (Maths and Computing), MCA, and M.Tech (Materials and Manufacturing). The Senate also suggested that the detailed syllabi of B.Tech (Mathematics and Computing) along with Vision, Mission, PEOs and PSOs may be presented in the next Senate. The Senate approved the proposal of the Department of Computational and Data Science to implement Minor Degree and Honors Program in Mathematics and Computing from the AY 2025-26. It is suggested that B.Tech (Computer Science and Engineering) and B.Tech (Artificial Intelligence and Data Science) students shall not be permitted to register for the Minor Degree in Mathematics and Computing. The Dean (Academic) has been suggested to upload the Curricula and Syllabi of the afore said academic programs on the Institute website.
