### Introduction:

The international conference on Engineering, Science, Management and Technology will encourage the academic and scientific communities to collaborate and exchange knowledge for mutual growth. The science and technology of individual contributes for the economic development of the country.

### Objectives of the Conference:

To create a platform for the exchange of ideas and experiences in engineering, sciences, management and technology  
To explore and identify new dimensions for research in engineering, science and technology  
To explore opportunities and prospects in the development and utilization of new technologies  
To identify ways in harnessing science and technology for sustainable development  
To draw the attention of the international scientific community in areas of critical importance to science-based and sustainable development

### Expected Outcomes of the Conference:

The conference is expected to contribute to a better understanding in designing, monitoring and implementing policies in the areas of engineering, science, management and technology and to produce a set of recommendations for improving academic and scientific community empowerment in developing countries. The recommendations will then be submitted to member countries and strategic partners for necessary follow-up.

### About Warangal and the Institute:

National Institute of Technology Warangal (An Institute of National importance), formerly known as Regional Engineering College (REC), was established in 1959. Pandit Jawaharlal Nehru laid the foundation stone for this institute on October 10, 1959, the first in the chain of 17 RECs in the country. The Institute offers eight Undergraduate programmes (B.Tech) in engineering, thirty five Post-graduate programmes (M.Tech, M.Sc, MCA and MBA) in engineering, science and management and PhD and PDF programmes in engineering, science, humanities, and management. The institute is well-known for its Research and Development, Industrial consultancy, Continuing education and Training programmes for teachers and industrial personnel. NIT Warangal is a residential institute located in a beautiful green land of about 256 acres with about 7000 students sprawling on the campus. Scholars. It is located on either side of Hyderabad - Warangal highway at a distance of 3 Kms from Kazipet Railway Station and 12Kms from Warangal Railway Station. It is located at a distance of 140 Kms from Hyderabad Airport express high way. The Institute is well known for its dedicated faculty, staff and the state-of-the-art infrastructure conducive to a healthy academic environment. Thanks to UNESCO and UK assistance in the past, many developmental activities were undertaken. The World Bank Assistance under Technical Education Quality Improvement Programme (TEQIP) had been a timely help in the overall development of the Institute.
